

CLUBS IN SYMPATHY. MANY RESOLUTIONS ENDORSING THE SENATORIAL CONFERENCE. LARGE MEETING SATURDAY NIGHT.

The call to assemble at Spencer Hall to select delegates expected to be generally responded to—Notes from Headquarters.

There are now being received at the senatorial conference bureau numerous resolutions adopted by organizations endorsing the objects of the conference.

A letter was received yesterday from Mr. George Henefee, secretary of the American Democratic Club, of Newport News, stating that the organization had adopted resolutions endorsing the movement, and that a large proportion, if not nearly all, the members of the club would attend the conference.

The endorsement in and about Newport News seems very strong. The bureau has also received copies of the resolutions adopted by Lodge 57, of the membership of Boiler-Makers and Iron Ship-Builders, of Norfolk and Portsmouth, endorsing the selection of senatorial candidates by primary vote.

The Central Labor Union of Southeast Virginia, at Norfolk, has also adopted similar resolutions. Copies of those passed by each organization have been sent to the bureau.

Following are the resolutions unanimously adopted by the boiler-makers: Whereas, the scenes leading up to the election of United States senators in several of our States recently have been so fraught with humiliation and discouragement to honest voters that they have become dissatisfied with the present method of choosing senators, showing as it does the domination of corruption and bribery; therefore, be it

Resolved, That it is the sense of this lodge that senators should be elected directly by the people at large; and whereas, there is a movement on foot in this State looking to the nomination of senators by primary vote, and as it will give to the people a larger scope for registering their choice, and believing it will ultimately lead up to the election of senators by popular vote; therefore, be it further resolved, That from the standpoint of principle, and without partisan bias, we give the above-mentioned movement our hearty support.

NORFOLK LABOR UNION. The resolution unanimously adopted by the Central Labor Union, of Norfolk, is published below. That it is the sense of this meeting that we endorse and support the conference to be held in Richmond, May 19, looking to the selection of United States senators by primary vote.

MEETING AT SANGER HALL. The meeting at Sanger Hall Saturday night, for the purpose of selecting delegates to the conference, is expected to be well attended. The managers of the bureau are confident that there is a strong sentiment in this city in favor of the popular election of senators.

NOT A CITY MOVEMENT. Hon. J. M. Leitch, of Rockbridge county, formerly member of the House of Delegates, is at Murphy's.

THE BLUES' ANNIVERSARY. Arrangements for May 10th Celebration—Will Probably Reorganize. There was a meeting at the office of Major Sol. Cutchins last night of a number of the former members of the Richmond Light Infantry Blues to arrange for the anniversary celebration of the organization May 10th.

A daring ball-thrower sometimes tumbles nearly two hundred feet from the top of a building hanging on to a sparacutus until it opens. It is a feat which only opens in time. Sometimes it doesn't open and he is doomed. This seems foreshadowed but no man is to be recommended to try it. A man who says, "O, I guess I'll get well all right!"
